

## What is happening in Germany?

NGO activities for moving forward beyond 2020

**hej!**support  
health · environment · justice

## Role of NGOs

Meaningful participation of CSOs can make significant contributions to the implementation of treaties, agreements and national laws.

Generating data, investigating compliance with laws and agreements, raising public awareness, uncover problems, advancing agroecology, contributing to the design and implementation of chemical and safety policies and programmes.

## German NGOs working on SAICM formed a coalition

BUND – Friends of the Earth Germany

Forum Environment and Development

HEJSupport

Pesticide Action Network Germany

WECF – Women Engage for a Common Future

# Activities

The background of the slide features a silhouette of three hikers on a rocky mountain peak. The sun is low on the horizon, creating a bright, golden glow that silhouettes the hikers. One hiker is standing on the peak with arms raised in a celebratory gesture. Another hiker is leaning over the edge, and a third hiker is reaching up to assist them. The overall mood is one of achievement and teamwork.

- Projects on international chemicals management and SAICM
- Joint position papers and activities
- Joint landing page [www.giftfreie-zukunft.de](http://www.giftfreie-zukunft.de)
- Organisation of a NGO Conference back to back with ICCM5

# Conversation with German Government

- Regular meetings with the Ministry of Environment and the Environment Agency
- Funding line for NGOs working on SAICM
- Annual multi-stakeholder SAICM conference in Germany

Thank you
